

Release Notes: Version 2.12.0.0

Release Date: December 3, 2019

Note: Nurses may need to [clear their browser cache](#) if changes are not immediately visible in the eCTAS application. In Google Chrome:

- Navigate to **Settings>More Tools>Clear Browsing Data**
OR click and hold **Ctrl + Shift + Delete** on your keyboard
- Select the Time Range **All time**
- Click the **Advanced** tab in the dialog box that appears
- Ensure only **Cached images and files**, and **Hosted app data** are checked
- Click **Clear Data**
- Close and reopen your browser window, and login to eCTAS

Integrations: B - Basic C - Complex WS - Web Service CRT - Certification

Change Type	Details	B	C	WS	CRT
Hospital Requested Enhancement	<p>eCTAS Registration View</p> <ul style="list-style-type: none"> • The eCTAS Registration View is now available via the eCTAS Administration Console for Web Service and Certification facilities. This functionality allows designated resources to access historic triage records for their site, and indicate records that have been triaged in error. • Details and instructions on using this feature are available in eCTAS System Administration Online Help. Refer to the eCTAS Registration View section. <hr/> <p> Important: ATC will no longer accept or process eCTAS Visit Triaged Under Incorrect Patient Forms. Facilities are expected to self-manage records that have been triaged in error using the eCTAS Registration View. Facilities must have an eCTAS Roles Coordinator in place to manage user access to the eCTAS Registration View.</p>			✓	✓
User Interface (UI) Changes	<p>Site Level Extracts</p> <ul style="list-style-type: none"> • The Site Level Extracts feature has been reinstated via the eCTAS Administration Console. It provides designated resources with the ability to download site level triage data for up to 120 days. • Details and instructions on using this feature are available in eCTAS System Administration Online Help. Refer to the Site Level Extracts section. 	✓	✓	✓	✓
	<p>Clinical Application Page Footer</p> <ul style="list-style-type: none"> • The Ontario Trillium logo in the footer of the eCTAS Clinical Application has been updated to display the new logo for Ontario Health 	✓	✓		
	<p>Registration View Timestamps</p> <ul style="list-style-type: none"> • The timestamps on the Registration View queues were adjusted for the end to Daylight Savings 	✓	✓	✓	✓
Performance Improvements	Performance improvements have been made to the Site Level Extract feature to prevent timeout errors from occurring on large extracts.	✓	✓	✓	✓
