eCTAS Release Notes: Version 2.35.0.0

Release Date: June 17, 2025

Integrations: **B** - Basic   **C** - Complex   **WS** - Web Service   **CRT** - Certification

Change Type	Details	B	C	WS	CRT
CTAS 2024 Guideline Update	**eCTAS Clinical Application** • The eCTAS Clinical Application has been updated with the latest CTAS Guidelines. Training on the guideline changes is available through the [NENA CTAS Participant Course](#). • Information icons have been updated to reflect the new CTAS guidelines. • Clinical alert pop-ups for scenarios that are now included under the new guidelines have been removed.	✅	✅		
	Web Service • All current APIs have been updated to accept a `ctasVersionCode` value of 2024v1.0. Hospitals can configure their HIS with this new version code to access the updated CTAS Guidelines. The previous version code, 2013v1.0, is still available during the transition period. • The APIs GetModifiersByCEDIS and GetModifiersByVitalSign are not available with the 2024 CTAS Guidelines.			✅	✅
Hospital Requested Enhancement	**Paediatric Respiratory Assessment Measure (PRAM) information icon** • An information icon has been added to the Paediatric asthma modifiers and oxygen saturation vital entry field to provide nurses with the criteria used to calculate a PRAM score.	✅	✅		

Change Type	Details	B	C	WS	CRT
Bug fixes	**Administration Console** • A display issue in the Site Role Management tool that caused facility names to be duplicated under the Facility Access list has been corrected.	✓	✓	✓	✓
Performance Improvements	**System upgrades** • System component upgrades and instrumentation enhancements have been made to ensure ongoing system stability and security.	✓	✓	✓	✓
